

P PRO-MAX **POWERMIG 160** 25-POM160

INVERTER

DC

1
PHASE

50/60
Hz

The Promax Powermig 160A DC multi function gas & gasless Inverter MIG Welder with ARC function that uses advanced inverter technology and easy to use current control settings to provide a stable arc with minimal spatter resulting in a smooth weld. It has a high duty cycle to carry out a long weld time and a cooling fan for thermal protection. It is fitted with 0.60, 0.80mm rollers that support 5Kg spools.

Features:

- Portable Inverter gas/ gasless MIG and Stick Welder
- Power Indicator
- Thermal Protection
- Stepless Voltage Setting
- Stepless Wire Feed Setting
- Removable MIG Torch
- Electronic Gas Valve
- Usable with 5Kg Spool
- Includes Cable Kit + MB15 Torch

The Promax Powermig 160 can weld on all steels and aluminium perfect for maintenance, repair, light fabrication, auto body and construction use. With its light weight and durable design, it can perform any job you require, where you need it. It is perfect for the heavy duty DIY enthusiasts, handyman and even for your small business.

Input Power	Rated Input Current	Rated Input Capacity	Open Circuit Voltage	Output Range	Rated Output	Rated Working Voltage	Weight	Dimension
220 V	28.5 A	6.3 KVA	65 V	30 - 160 A	60% @ 160 A	22 V	16.5 Kg	550 x 320 x 440 mm
