

# **P** PRO-MAX **PRO-MIG 250** 25-PM250

The Promax PRO-MIG 250 Inverter MIG/MAG Welder is a high quality welder that provides superior performance. With its IGBT power device, it provides excellent reliability, high duty cycle for extended welding use. It also support multi-function gas & gasless MIG with ARC welding.

**Features:**

- Inverter MIG/MAG Welder*
- Power Indicator*
- Digital Display*
- Stepless Heat control*
- Stepless Wire Feed Setting*
- Electronic Gas Valve*
- 2T/4T*
- Usable with 15Kg Spool*
- Includes Cable Kit + MB 25 Torch + Flow Meter*

Its application include thin plate welding field such as automobile, light steel structure, steel-wood furniture, motorcycle accessories and materials such as low carbon steel, ordinary steel and high tensile steel.

Input Power	Rated Input Current	Rated Input Capacity	Open Circuit Voltage	Output Range	Rated Output	Rated Working Voltage	Weight	Dimension
220 V	44.7 A	9.9 KVA	44 V	50 - 250 A	60% @ 250 A	16.5 - 26.5 V	46 Kg	907 x 487 x 725 mm

***Built to Perform***
