The Promax Powerarc 200A DC Inverter Arc Welder is a compact, lightweight portable machine that uses advanced IGBT technology, temperature protection, stepless current setting modules and rapid recovery diode as its main control to prevent the machine from overheating while providing an uniformed welding current to achieve excellent welds in various positions.

Features:

- Portable IGBT Inverter Stick Welder*
- Power Indicator*
- Thermal Protection*
- Stepless Current Setting*
- Hot Start*
- Anti-Sticking*
- ARC Force*
- Scratch Start ARC TIG*
- Includes Cable Kit*

It can weld a wide range of materials like low-carbon steel, stainless steel, high tension steel, alloy steel and cast iron. It is widely used in the repair field and any light fieldwork suitable for the everyday handyman or even a hobby DIY enthusiasts.

Input Power	Rated Input Current	Rated Input Capacity	Open Circuit Voltage	Output Range	Rated Output	Rated Working Voltage	Weight	Dimension
220 V	39 A	8.9 KVA	79 V	30 - 200 A	60% @ 200 A	28 V	3.8 Kg	340 x 120 x 240 mm
