

# SM-280-W Weatherproof Maglock

## I. Features:

Use magnetic power to lock the door, open door by 90 degree.

Built-in reverse current protection device (MOV).

304 Stainless steel shell with IP67 weather proof.

Aluminum shell adopts high strength material, with hard anodized processing.

Corrosion resistant.

Anti-residual magnetism designed.

Good quality and durable to use without signal

Can be opened by push button, remote controller, etc.

Fit for wooden door, metal door, glass door, fireproof door, etc.

## II. Specifications:

Holding force: 280kgs/600lbs

Dimension: 240mmL\*47mmW\*27mmH

Voltage: DC 12V

Current: 380-500mA

N.W: 2.50Kgs

Working temperature: -10 to 55 Celsius degree (14 to 131 Fahrenheit degree)

Humidity: 0 to 95%

Working mode: power-on to lock
